

Frequently asked questions

Do I need a car to car-share?

No, many people are happy to offer lifts in exchange for sharing the fuel costs. You can register your journey as 'seeking a lift' if you do not have a car.

How safe is car-sharing?

We have made our website as secure as we can. All member's details are stored securely in the database and only the members intended travel information can be accessed by other members.

When it comes to travelling, every member is responsible for his or her own safety. However we do recommend that members follow some simple security measures outlined below:

- Avoid exchanging home addresses with your travelling companion before you meet them
- Arrange to meet in a public place/somewhere on Granta Park.
- Inform a friend or family member of who you will be travelling with, when and to where
- Make sure you see each other's IDs - passports, student cards or driving licences - so you know you're travelling with the right person

You are under no obligation to go ahead with any car-share arrangement. If you have any doubts about your travelling companion, for any reason, then you don't have to travel with them.

Where should I arrange to meet my car-sharer (s) ?

We recommend that you arrange a mutually convenient and safe location for both parties.

I have a busy life, do I have to car-share everyday?

No. Even if you share two or three times a week it is possible to make a significant reduction in your carbon footprint and travel expenses. We recommend that you come to an agreement that works for everyone, which can change on a weekly basis. Just keep your fellow car-sharers informed so they can make alternative arrangements if necessary.

N.B: Dedicated car share bays can only be used on days when cars registered to the Granta Park car share scheme are being shared by two or more team members

Will my e-mail address be visible to other users?

No, your email address is kept hidden and not shown to other members anywhere on the site. Messages are sent and received via the messaging centre on our website.

Is it possible to find a travelling companion of the same sex?

Yes, you can specify in the 'Bio' section of your profile that you are searching for a companion of the same sex.
